## Baseball Day To Feature Big Program of Events

All roads, for baseball fans, will lead to University Park next Sunday, when Albany merchants in cooperation with the Recreation Department, stage this city's second annual "Albany Baseball Day."

Before an expected attendance of more than 3,000, an all-day program of baseball games and special events will be presented. Special guests of the occasion will include local officials and those from cities throughout the East Bay, it is said, as well as baseball stars of the past and present day.

Enough baseball to satisfy even the most rabid enthusiast will be presented on the local diamond during the day, those in charge promise. Four games, including two of softball, and a number of running, throwing and hitting contests are to be offered.

### SOFTBALL GAMES

First contests to be played are softball tilts. The Recreation leaders of the local Federal recreation project will meet the fast club representing the Oakland Central Creamery while Charlie Ham's Marin Dads will cross bats with the nine from the Albany High Dads Club. Both games will be played at 10 a. m., using the two fields the park boasts.

At noon Coach Kelly Bryan will introduce a squad of former Albany High stars to members of Coach Al Collins' St. Mary's High varsity and await the outcome of what should be a sensational exhibition of baseball.

Preceding the main game of the day, crack members of the various nines will participate in field events of various kinds, trying for the handsome prizes that have been donated by local merchants.

### RENEW OLD "FEUD"

The main feature, between the Braun Mattress and Albany Merchants teams, will mark the renewal of a standing "feud" between Managers Louis Griffing and Jake Nora, skipper of the outfits. Both are capable Albany sports enthusiasts and managers, with teams made up of local players and the keen rivalry between the squads is sure to supply fans with enough thrills to keep them on the edge of their seats throughout the balance of the day.

This game is scheduled to start at 2 p. m. on the main diamond of the park, located on Buchanan Street, west of San Pablo Avenue.

### FREE REFRESHMENTS

## High Dads to Hold Session

Members and guests of the Albany High School Dads Club will find the regular meeting of the group next Tuesday night doubly interesting. The program is to include the nomination of officers for the coming year and a reception by the girls' athletic organization of the school.

Praising the fine work of President Dan Atwater and his aides during the past term, members announce the task of choosing suitable successors is being given considerable thought.

The second feature will afford the Girls' Athletic Association, under the leadership of Miss Claire Robertson, a chance to furnish entertainment and take charge of refreshments. Seventy-five members of the group are said to be participating.

The meeting will be held at the High School and is to start at 8 p. m.

## Public Invited to "Irish Night" Fete

Billed as a "truly Irish" entertainment, the event planned by members of Berkeley Y. M. I. and Y. L. I. Councils next Tuesday night will present an array of Irish stars and celebrities, it is said. The affair is to be held in St. Ambrose Hall, 1145 Gilman Street.

Featured will be Irish dances and music, followed by dancing and refreshments. Attorney John Grennan will be heard in a talk on Ireland. The program to which the public is invited, will start at 8 p. m.

will be on the grounds from early morning until after the program is completed, to handle the large crowd and to assist in the distribution of free hot dogs and other refreshments, the latter as presents from Albany merchants who are determined that the annual event shall be a huge success!

Bearing the brunt of the hard work entailed in presenting such an ambitious schedule of events is a committee of local citizens, as follows: Bill Green, chairman; Edwin S. Howell, Kelly Bryan, Al Collins, George Sutton, Jake Nora, Louis Griffing and Charles Ham.

## L. Jester to Seek Post of Police Chief

Lloyd G. Jester, resident of Albany for the past seven years and with a 10-year record as a law enforcement officer, yesterday announced his candidacy for the office of Chief of Police to be filled at the Albany municipal election April 11.

Simultaneously with the announcement of his candidacy, Jester tendered his resignation to District Attorney Earl Warren as inspector in the homicide division in the County office, a post he has held for three and one-half years. His candidacy was revealed, it is reported, after he had been "drafted" by a group of Albany residents,

LYOYD G. JESTER

headed by Police Chief John Glavinovich, to enter the contest in place of Sergeant Charles Hardie, who withdrew early this week because of the serious illness of his wife.

Formal announcement of his support for Jester was made by Chief Glavinovich, who retires next month after 25 years of service. Jester will seek election as an independent candidate, it was said.

Jester, 33 years old, left the Navy after four years of service with an honorable discharge as second class petty officer to enter the law enforcement field. He served first with the United States Department of Justice, attached to the Prohibition Division in San Francisco, later to be assigned by W. G. Walker, prohibition enforcement officer now State Narcotics Chief, to take charge of the Oakland enforcement office, embracing a territory extending from Yolo to Fresno Counties. After four years in this capacity, Jester was appointed an inspector in charge of the Oakland office of the State Narcotics Division, a position he held for a year, followed by a year and a half as inspector in the U. S. Internal Revenue Service under J. H. Malone of San Francisco.

Three and one-half years ago he joined the staff of the District Attorney's office in its investigation (Continued on page four)

## Lutheran Group Dedicate Church

Assurance that the new building, located at Ward and Santa Fe Avenues, El Cerrito, will be completed early next week, has been received by Rev. O. R. Janke, pastor of Grace Lutheran Church. Plans are now being made for dedicatory services on Sunday, March 27.

A farewell service is to be held in the Memorial Building in the morning and the dedicatory program will take place in the new location at 3 p. m. Residents of the district are invited to a community service at 8 p. m.

## C. Hardie Not To Seek Post

Coming as a complete surprise to his many friends was the announcement made Tuesday by Sergeant Charles Hardie that he would not seek the office of Chief of Police at the election next month.

The veteran police officer gave as his reason for withdrawing from the race, the fact that his wife is in poor health. He has been advised by specialists, he revealed, that she must not be subjected to any undue excitement or strain and he feels that his participation in a campaign for office would not be to her advantage.

Hardie, who has served Albany citizens as a member of the Police Department for more than 23 years, expressed regret at the circumstances which made it imperative for him to make his decision. "I can only offer my sincere thanks to those many friends who had offered their support and had pledged themselves to seek my election," he stated.

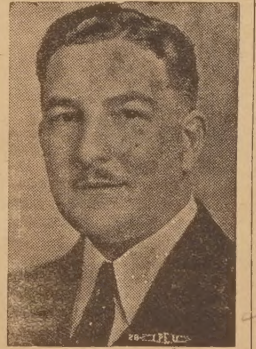

He had been endorsed by Police Chief John Glavinovich, who is to retire after 25 years service next month, and by members of the United Citizens' League.

Elimination of Hardie from the field leaves A. Leroy Ford and Lloyd B. Jester at present the only two candidates for the office. Tomorrow, April 12, is the final date for filing of intentions.

## Tells Plans In Campaign For City Job

Public declaration of his intention to run for the office of City Attorney at the election, April 11, was made yesterday by Joseph J. Yovino-Young, local attorney and property owner.

In revealing his candidacy, Young said: "At the urgent solicitation of numerous citizens in Albany I have decided to enter the race for the City Attorneyship. I am taking this important step as an independent candidate, with absolutely no political axe to grind and no political faction to serve. For several years, as a resident and home owner of this city, it has been my sincere and growing conviction

JOSEPH YOVINO-YOUNG

that there exists a genuine need for improvement in the administration of the office that I now seek.

"If, in my judgment, our City Attorney's office were performing its varied and important functions with complete efficiency and impartiality, I would not now present myself to the voters as a candidate. The City Attorney is not a policy-determining official. His duties are fixed by law, and consist of rendering purely legal services to all the departments of municipal government. An impartial, detached and non-partisan attitude is essential to the proper conduct of his office, and the moment he abandons this attitude and takes sides in political or factional controversies, his efficiency begins to swiftly decline. It seems to me that this proposition is too plain to require argument or extended discussion.

"One of the fundamental principles of American democracy is that a public (Continued on page five)

## A. L. Ford Is Candidate in Chief Contest

Formal announcement of his candidacy for the office of Chief of Police on April 11 was made yesterday by Alexander L. Ford, president of the Albany Traffic Safety Commission and resident here for over 12 years.

In his statement he declares:

"If elected it shall be my policy to see that all the laws are enforced and that this city shall be kept clean. Since the Chief of Police is elective and therefore not responsible to the City Council, nevertheless I shall work wholeheartedly with its members in the uniform enforcement of all ordinances, to the end that our City may continue to enjoy the benefits of a home community, controlling itself as a separate municipality to remain free and unhampered from the domination of forces outside itself.

"I also pledge myself to see that discipline in the Police Department is raised to and kept at a high standard so that taxpayers of our community shall receive full value for each tax dollar spent and to the end that all the people of the City may enjoy the fullest of police protection.

"I believe that in order to keep a Police Department up-to-the-minute in efficiency it is necessary to have regular periods of instruction to acquaint officers with the latest and best methods of police practice — (1) To keep them informed of changes in the law; (2) To keep them physically fit and mentally alert; (3) To better equip them in the marshalling of facts for (Continued on page five)

A special parish meeting is to be held next Thursday night at 8 o'clock at St. Alban's Church, 1480 Solano Avenue, it is announced. The session is for the purpose of electing members of the church board and will be presided over by Archdeacon W. R. H. Hodgkin of the diocese of northern California.

## Plan Campaign to Promote Idea of Buying in Albany

Explaining the purpose of the event, Mrs. Beatrice Raymond, president of the civic group, has declared: "This is not only a week for the people of Albany to get acquainted with and support local merchants, but it should also provide an opportunity for merchants in the Chamber of Commerce to analyze themselves and their service to the people of the community.

## Santa Fe Uses Bus-Rail Lines In Flood Area

Railroad passengers, baggage and mail service, disrupted since last Tuesday by the severest storm in the history of California, are moving on a coordinated rail-bus schedule today over lines of the Atchison, Topeka and Santa Fe Railway. Floods, destroying numerous bridges and fills and washing out miles of right of way and wire communications, paralyzed rail facilities in the storm area.

Coordinating rail, bus and truck facilities, the Santa Fe broke the deadlock Friday, moving up, approximately 700 passengers and their baggage between Barstow and Los Angeles by bus and truck.

El Cajon Pass, railroad gateway to southern California, blocked by washouts and mountain debris, necessitated a circuitous route across the desert from Barstow via Mojave to Los Angeles, the only route open.

"The practicability of coordinated rail-bus service has been well demonstrated in this emergency," said James B. Duffy, assistant passenger traffic manager of the Santa Fe system today. "Santa Fe passengers, their baggage and United States mail will move out of Los Angeles on time by bus and truck to Barstow via Mojave, where they will entrain for eastern points. Schedules will be maintained."

## Harris and Miller Operate Meat Dept.

The meat department at Don's Market, Washington and San Pablo Avenues, is now being operated by Leonard Harris, Jr., and M. C. Miller. Manteca fed beef and other first quality meats are on sale at all times, it is announced. The men also operate the meat departments in the Avenue Drive-in Market, the Hensley Food Center and the Campus Market.

In charge of the grocery section of the market is Frank Knapp, well known local grocer.

"In order for residents to buy from these business houses, the merchants themselves must be ready and prepared at all times to give patrons the service they seek!"

### OPENS WITH PARADE

The week will be opened with a gala parade on the morning of March 21, it is revealed. All merchants in the City are invited to enter floats of other colorful exhibits in the procession. Tentatively announced as the starting point is Brighton and San Pablo Avenues.

According to present plans the parade will go south on San Pablo to the Berkeley line, turn and come back to Solano, and then move east to the city limits. At that point the caravan will turn about, returning via Solano to the starting point.

In charge of this event, as well as the details of the occasion designed to acquaint local residents with the facilities of local stores, is a committee headed by Jack Varni, manager of the Mechanics Bank. He is being aided by Mrs. Minnie Lou Eakin, Neil Crowley and Mrs. Raymond.

### MERCHANTS COOPERATE

Offering their full cooperation in the six-day period, Albany merchants are preparing special sales events to begin Friday, March 18, for the purpose of inducing local buyers to trade "at home." Not alone will outstanding money-saving opportunities be provided, they state, but residents will be shown that the majority of their purchases can be made right in this community, without the necessity of going elsewhere.

Plans are also being made for a style show in some public place, it is announced. More details on this event will be available in next week's issue of the Times.

Bringing the total membership of the local Chamber of Commerce to more than 60 active business and professional people, the following new members are announced this week: Louise Shoe Store, Mrs. L. Carlevaro, 913 San Pablo Avenue; Carmel Liquor Store, Lowell Creighton, 1401 Solano Avenue; Mrs. Martin and Lawrence Walter, 1057 Solano Avenue; Dorthea Lee Library, Mrs. Eva Burns, 1055 Solano Avenue; Albany Bargain Spot, R. ## Dog of Mayor's Kin Takes Blue Ribbon

Better Light  
HELPS KEEP  
EYES RIGHT!

PEOPLE say modern lighting that is "easy on the eyes" makes the eyes feel better... And they are right... Good lighting brings out the beauty of the home furnishings... It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints and frowns and scowls and brings on many premature wrinkles and face-lines.

Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively. A Home Lighting Recommendation chart made out for your home will fit lighting to serve the exact seeing-needs in your home. This is a free service and there is no obligation. ## Tideland Bill Is Opposed by City Council

Opposition was voted by the City Council this week to the bill pending in the Legislature which would restore to the State tideland mineral rights ceded to municipalities in 1911. Action followed receipt of a communication from the city of Long Beach which recently passed a similar resolution.

The council's move was preceded by a statement from Councilman George Batchelder that "since Albany has such a large tract of tideland it is essential that steps be taken to retain the property." His stand was backed by Councilman Benjamin Mowday and unanimously passed by the group.

A resolution setting forth the council's position will be presented Monday night by City Attorney C. N. Lavers for approval and copies will be sent immediately to State representatives in Sacramento.

### PRECINCTS NAMED

Designation of the 28 precincts for the City election on April 11 was announced, with the location of polling places at which voters will cast their ballots for two councilmen, too School Board members, Chief of Police, Police Judge and City Attorney. Also to be voted on are a charter amendment and the dog leashing ordinance. Pay of workers in the polls was set at \$5 by action of the council.

Following a motion by Councilman Batchelder, the group voted its approval of the rules and regulations recently submitted by Fire Chief Carl Ahlgren for members of the department. At the suggestion of Councilman Frank Hays the body voted to consider installation of overhead doors at the firehouse in the next budget.

Accepting a handsomely bound report on Federal projects in the City, the council passed a resolution praising L. Basil Hewetson, whose work made the volume possible. Hewetson is a supervisor of WPA school projects at the University of California and lives at 1077 Peralta Avenue.

### SEEKS BUSES

An inquiry as to why buses to San Francisco do not stop in Albany, was voiced by Mrs. Kathie Zahn, 907 Santa Fe Avenue. She was informed by Councilman Mowday, and Mayor O. C. Yenne that the present franchise does not permit it, to prevent competition with existing train service. She was assured that an application for the service will be made, however, when train service is begun on the Bay bridge.

Permission was officially given W. A. Woolworth, painting contractor of 825 Madison Street, to place nine-foot benches at bus and train stops throughout the day.

## L. Jester Seeks Chief's Position

(Continued from Page One)

division, serving as inspector in the homicide detail until the present time. In his public statement, he says: "Ten years ago I chose to make law enforcement my life career. My work thus far has been in several branches of that public service and has given me varied experience in the law enforcement field. Therefore, I feel that I have the necessary qualifications of an experienced peace officer to fill the position of Chief of Police in Albany. That this confidence in my qualifications and integrity is shared by John Glavinovich, retiring chief, is a source of great gratification to me. I stand pledged to the same law enforcement program as Chief Glavinovich."

A native of Montana, Jester graduated from high school in Alhambra, later took a year's post graduate course at the same place. He has taken a two-year extension course in constitutional law and criminal investigation from a Washington, D. C. agency and last summer attended a school for peace officers at San Jose State College.

He lived at 824 Cornell Avenue, is married and has two children, both pupils at Cornell School. For three months in 1936 he was engaged in business in Albany, but returned at the end of that time to his work in the District Attorney's office.

### Has New Market

Swan has taken an active part in Albany clubs and organizations during his long residence here. He recently completed a successful term as president of the Albany High School Dads Club and has also been an active member of the Marin Dads Club for a number of years.

His partner, Charles J. Tronoff, formerly conducted the Pacific Granite and Marble Works in San Francisco. He is also an old time resident of this district, lives at 1406 San Pablo Avenue.

## Cerrito Presents Double Hit Bill

Set in the background of the U. S. Naval Academy, "Navy Blue and Gold," a thrilling drama starring Robert Young, James Stewart, and midshipmen football heroes, opens a two-day engagement at the Cerrito Theatre today. An exciting mystery story, "Bulldog Drummond Comes Back," featuring John Barrymore and John Howard, and made by Paramount, shares the bill for Friday and Saturday. Excellent week-end entertainment is indicated at the Cerrito by this show and the Sunday and Monday run of "Elephant Boy" and "Murder in Greenwich Village" with Dick Arlen and Fay Wray.

A Charley Chase comedy heads a list of specialties scheduled for the kiddie matinee tomorrow, while evening performances on Saturday and Sunday are augmented by the popular Ten-O-Win.

## Swim Practice to Start for Scouts

Practicing for junior life saving badges will begin next Tuesday when Girl Scouts of Troop No. 20 go to the Richmond Natatorium.

## Savings Groups Report Increase Of 37.4 Per Cent

An increase of 37.4 per cent in savings invested in 60 Federal savings and loan associations in the Twelfth District (Arizona, California, Nevada and Hawaii) in the twelve months between December 31, 1936 and December 31, 1937, was reported recently by the Federal Home Loan Bank Board. Private share investments in these associations totaled \$23,551,239 at the close of 1936, and \$32,360,031 on December 31, 1937.

National figures show an increase of 18.64 per cent in savings invested in 1175 identical Federal savings and loan associations in the country during the year. Private investments in these associations totaled \$476,719,333 at the close of 1936. On June 30, 1937, the total had risen to \$523,577,893, or 10.6 per cent. At the end of 1937, the total had increased to \$565,592,67, or 16 per cent during the half year. Figures are based upon regular reports received from identical institutions and do not include all Federal associations in the United States, because some were chartered recently.

There were 138 Federal associations on December 31, of which 153 were not included in the Board's survey. Investors in all Federals numbered 850,000 on the same date. Assets of the 138 Federals totaled \$1,110,529,000 on December 31, an increase of \$325,528,000 over the figure of \$785,000,000 for all Federals at the end of 1936.

The above figures were received by the Albany Federal Savings and Loan Association, reports Cyril Lotz, president.

Add the boiling water to the tapioca and cook in double boiler for 15 minutes, or until tapioca is clear. Add the sugar, salt and lemon rind and juice. Add the raisins and pour into a greased shallow baking dish. Bake in a moderate oven until the top is slightly browned. Serve hot or cold.

### APPLE PUDDING

Divide it among six dessert glasses. Prepare junket according to directions on package. Pour carefully at once over apple sauce. Let stand undisturbed in a warm room until set — about ten minutes. Then chill and serve.

1-2 can sliced pineapple, 1-4 cup flour, 1 egg, 1-2 cup brown sugar, 1-4 cup white sugar, 1 cup milk, cinnamon and butter. Half fill a pudding dish with slices of Dole's sliced pineapple and sprinkle with brown sugar in double boiler. Pour gradually over sugar, beaten egg and flour, which have been well mixed together. Return to double boiler and cook. Stir constantly until thickened; then pour over the pineapple, and bake in oven about twenty minutes, placing dish in a can of hot water. Serve with pineapple sauce.

### CREAM OF TOMATO SOUP

Four tablespoons butter, 1-4 teaspoon soda, 2 cups evaporated milk, diluted with 2 cups water or 4 cups milk, 4 tablespoons flour, 1-2 teaspoons salt, 2 cups tomatoes strained, 1-2 teaspoon pepper.

Melt the butter, add the flour, stirring constantly to prevent lumping. Stir in the strained tomatoes and cool five minutes. Add soda, salt and pepper. Pour tomato mixture slowly into scalded milk. Serve 6.

2 cups corn, 1 slice onion, 1 slice green pepper, 2 cups water, 2 cups

milk, 1 tablespoon butter, 1 tablespoon flour, 1 teaspoon salt, few grains pepper, 1 hard cooked egg.  
Put the corn through a food chopper. Add water, onion and green pepper and simmer 20 minutes. In the meantime prepare a white sauce of the diluted milk, butter, flour, salt and pepper. Remove onion and pepper from corn and add corn to hot white sauce. Add chopped egg and serve at once. Serves 6.

presentation as witnesses in court.

"I believe that my long, rigid Army training will make it possible to bring to the administrative affairs of the Police Department that efficiency which has been recognized by many other American cities in elevating to the office of Chief of Police men with lengthy Army service."

Ford is a past commander of Albany Post No. 292, American Legion, and Leland Bergesen Post No. 2658, Veterans of Foreign Wars. He served overseas as a captain in the 342nd Machine Gun Battalion, 89th Division.

He recently completed with distinction a period of 15 years as assistant professor of military science and tactics at the University of California.

Active in the organization of the Albany Traffic Safety Commission, Ford has served as its president since its inception last April and points with pride to the fact that not a single traffic fatality has occurred in Albany since the group started.

Elected to the City Council in 1932, he served a period on that body and also on the School Board.

He is a taxpayer and home owner, has lived in Albany for more than 12 years, presently occupying his own home at 1167 Santa Fe Avenue. Married, he has three young children.

### State Aide Speaks

#### At P.T.A. Session

Featuring an interesting talk by J. J. Garland on "Parent Teacher Association in High Schools", a meeting of the Albany High P. T. A. was held yesterday afternoon at the school. Mrs. Marie Ruiz, president of the group, introduced the speaker, a state officer of the organization.

The musical portion of the program was supplied by the Novelty Orchestra, the local aggregation that won third place in the competition recently held at the Dads Club Carnival in Oakland. The orchestra is composed of Arthur Malnar, violinist; Roy Banne, accordionist; James Gerlach, trumpeter; Clayton Ham, guitarist, and Gerard Sharkey, vocalist.

### New Housing Act

#### Helps Owners of Homes in Albany

An opportunity for local owners to make improvements and alterations on their homes, without acquiring a burdensome debt, is provided by the National Housing Act, Title I, it is announced. As explained by Jack Varni, manager of the local Mechanics Bank, the set-up is as follows:

An owner, occupying the premises, lists the needed improvements and alterations that are to be made, with their approximate cost. This is checked by the lending institution and, when approved, the amount is granted for this specific purpose.

The rate, disclosed Varni, is about five per cent. For instance, a loan of \$100, repaid in 12 monthly installments, costs only \$5.26. The same loan, over a period of 24 months, costs \$10.12.

Monthly payments on the 12-month loan are \$8.78, amounts to \$4.59 when the \$100 is repaid over a period of 24 months. Arrangements may also be made for repayment in 18 months installments.

Full information on individual needs may be secured by Albany owners at the Mechanics Bank, Solano and San Pablo Avenues.

### Oaks Club Issues

#### Bid to Local Dads

An invitation to Albany fathers to attend a discussion and program Monday night at the Thousand Oaks School is issued by the Dads Club of the school. The affair is to start at 8 o'clock.

"Should School Children Be Punished?", "Is There Equality in Our Schools?", "What About Double and Non-promotion?", "Should Sex Education Be Taught in Elementary Schools?" and "What Characteristics Make Good Dads?"

Entertainment will be offered by the Garfield Dads Club orchestra and refreshments will be served at the close of the meeting.

## Activities at Albany "Y" And Community Center

(An Agency of the Berkeley Community Chest)

### Friendship of 38 Years Ago Renewed

The Pioneer Girls, a club recently organized for girls 10 to 14 years of age, is rapidly growing in membership.

A new program for the summer is being outlined for the group and will prove interesting for the girls of this age. For the first time, the Albany "Y" will have a team of this age playing softball. A league is being organized comprising six teams representing various Albany playgrounds. Margaret Dougherty and Shirley Maddox, co-counselors of the club, have planned a busy program for the girls. Girls of this age limit who may be interested in handicraft, social and athletic activities are extended an invitation to join.

The Pioneer Club for boys is extending its activities into two leagues. The older group, 13 to 15, has been entered in the Dariglen Baseball League playing hard ball. They will meet teams from all parts of the East Bay. This group has a strong lineup, with Norman Wold Albany Ford dealer, as the sponsor. The younger group will enter a league which is now being organized by Tal Wiley, its counselor. This league will have teams representing various Albany school playgrounds as well as Fairmount and Harding schools of El Cerrito. Other activities include social and educational discussion groups.

The Senior Hi-Y Girls are completing details for the rummage sale to be held at the local "Y" on March 14 at 8 o'clock. Proceeds of the sale are to be used to stage the semi-formal dance to be held in April. The date of the latter affair will be announced at a later date. The auctioneer for the sale will be C. E. Morris, counselor for the club. Many interesting and worthwhile items have been donated by the club members. The sale will be open to the public and an enjoyable scramble will be had by all.

Girl Scouts of Troop No. 20 will hold their next meeting at the home of Mrs. Frisbie Nunn, 1092 Peralta Avenue, on Tuesday, March 15, according to Alison Lindh, scribe. Mrs. Moody is to be the guest speaker.

## AT ALBANY HIGH SCHOOL

By Frances Binante, Publicity Director

### SCIENTIFIC ASSEMBLY

An assembly is to be held at Albany High today. The theme of the assembly is "Through the Stratosphere to the Stars." It is the story of America's two great balloon flights, those of Explorer I and Explorer II, told by a scientist-entertainer, both to entertain and emphasize the scientific principles involved. Many parachutes, ballrooms and interesting devices will be shown.

### SPEAKING CONTEST

The Senior Honor Society is sponsoring a public speaking contest to be held today at an assembly for senior high students only. Six contestants were entered but at an elimination contest Wednesday, a few were dropped. Professor Perstein, a well-known speaker from the University of California, will act as judge. The prize will be a silver cup. This cup was won by Louis Marengo last year.

### COMMERCIAL CLUB

At a Commercial Club meeting, Monday, March 7, many suggestions were made. The club is planning a trip to the Marchant Company, where commercial machines are made. The committees in charge of the trip include Joan Pemberton, Willie Freeman, Ethel Nicholson, and Catherine McNamara. The club is going to issue membership cards and before going on excursions a member must attend three meetings and have all dues paid. Twelve new members have been accepted into the club and it now boasts a membership of 21.

### STUDENTS ATTEND OPERA

Five students who have completed four years' study of French at the school, attended an opera in San Francisco last Saturday as a celebration. The students, Gloria Littleton, Marjorie Meredith, Marcella McClellan, Virginia Madrid and Vincensina De

Biasi, met Miss DeVore Watt, the French instructor, in the city and from there went on a window shopping tour with an excursion through Chinatown. After working up an appetite the girls were treated to a French dinner by Miss Watt where the girls had a grand time fooling the waiters into believing they were "Francaises" (French to us). To complete the French evening the linguists went to the Opera House to hear a performance of "Carmen".

### — SPORTS —

### By Bill Theilacher MANY SPORTS FOR ALBANY

All of you sports enthusiasts can pick your favorite sport at Albany High School for the next month or so. Just name it and we probably have it. Track, baseball, golf, and tennis are all in the limelight at Albany, with a full month or two of scheduled events. Baseball is going full blast, but only four more scheduled games remain until the ACAL season starts on April 1. Today another Oakland school, Roosevelt, coached by the famous football linesman, Tommy Fitzpatrick, plays the Cougars here. The tennis team got off to a flying start, beating the Hayward netmen, four matches to three last Friday. Next Thursday Albany plays Richmond there in the third match of the league season. Track season will be opened with a new array of cinder artists, new equipment, and long distance meets for Coach Brown's boys. On

On March 24, the tracksters open the season with an "A" and "B" meet at Hayward. On the calendar will be meets at Hollister, Stanford and Davis. Other meets are scheduled for the home track. Albany will enter a golf team in the ACAL for the first time this year. The first match will be on April 2 against Alameda.

Two young men in a kayak recently set some sort of record by paddling from San Francisco's famous Embarcadero to Treasure Island, site of the 1939 Golden Gate International Exposition.

The two greatest factors in modern civilization as compared to the more leisurely days of long ago, transportation and communications, will be emphasized at San Francisco's 1939 World's Fair.

Just look at the row upon row of never-ending spiral bars in this new Life-Saver Tread. Then you'll understand why it acts like a battery of windshield wipers, sweeps the water right and left, forces it out through the deep grooves, making a DRY TRACK for the rubber to grip.

Yes, sir, the new Goodrich Safety Silvertown with the Life-Saver Tread will stop you quicker, safer—on a wet pavement—than any tire has ever stopped you before! That's why a "Silvertown Stop" can easily be a life-saver to you on slippery rain-drenched roads.

## ALBANY POST

NO. 292

With the general committee under James Sartain entering into the last stretch of the details of Albany Post's sixth annual smoker, all that remains to be done is for the guests to be on hand at 8 p. m. March 18 at the Albany Memorial Building. According to Sartain, "there is no hokum or baloney in the claims of the Post that the show this year will surpass anything Albany Post has ever put on." The word has gone out to all who expect to attend, to be on hand early as the show will start promptly at 8 and continue to until midnight in order to get on the 35 acts that are billed.

Every member of the Albany Post has since January, had some part in bringing the Smoker up to the climax of staging the show. The Albany Legionnaires expect to have 750 Legion members and others their guests that evening. Inquiries have been received from Legion Posts in Chicago and other cities in the East, in order that they may notify any of their members who are sojourning in the Bay area as to the date and place. The reputation of Albany Post as a host has been carried to the East by Legionnaires who have had the good fortune to be in California at the time of this biggest of all Legion shows is staged.

Because of the large influx of visitors into Albany in March every year the Post has had the loyal cooperation of City officials, the merchants and the

Chamber of Commerce, in bringing this show to its ultimate climax.

The increased cost this year of bringing this extraordinary show to Albany caused the committee to change the policy of admission. This year there will be a very nominal charge at the door in order to meet the added expense, exceptions will be made to members of the Post who are in good standing. They will be admitted free and when they enter the hall the work committee will assign them to some particular job of seeing that the guests of the Post are properly cared for with seats and refreshments.

To assist all Albany Post members who have not re-enrolled by March 18, Membership Chairman Walker Lyon will have the facilities for them to pay their dues at the door. There will be no charge made for their admission other than their 1938 dues.

The Post visitation committees who have attended the meetings of all the Legion Posts in Alameda and Contra Costa Counties telling about Albany Post's Smoker, will complete their work with a visit to Alameda Post No. 9 this evening, March 11, with Walter L. Holland, Alameda visit chairman, and the annual visit to the American Legion Luncheon Club on Monday, March 14, with A. L. Ford, chairman.

The word from Commander Ammon A. Cook is: "Albany Post is ready to show all those who care to partake of the Post's hospitality a good time. Albany Post will maintain its reputation of staging the best that is attainable in the entertainment field and seeing to it that all who are with us March 18 enjoy themselves to the utmost. Those who have attended every smoker of Albany Post since the first one staged six years ago under the direction of Walter Holland, will be agreeably surprised this year at the size of the class

LIVING WITNESS

When New York digs into the earth with spade and shovel to gouge out room for a living monument to a California triumph, you have more than a bit of history in the making.

You have the eloquent climax to a months' long campaign in which California marketed—and marketed successfully—the biggest crop of walnuts ever produced in this State. And when you say the "biggest crop of walnuts ever," you mean precisely 100 million pounds!

Such a victory demands a testimonial. Such a testimonial, agreed the State's walnut growers, could take no better form than a young walnut tree, budded from the first such tree planted in California at Santa Barbara nearly a century ago. On behalf of the producers, Mayor Rossi of San Francisco had the sapling flown east to Mayor LaGuardia of New York.

And there, with fitting ceremony, the young tree's roots were sunk into the soil of Van Cortland Park on the site of the original George Washington walnut tree—a sturdy giant over 100 years old at the time of its death in 1894.

Now California's walnut growers could sit back in relief. Featured in nationwide food stores since Thanksgiving, California's giant 12 million pound surplus had been wiped out—completely.

There's that sapling in a New York park to bear witness to this California triumph for at least a century!

FINISH THE JOB

During the months required to excavate the Broadway-Low-Level Tunnel it was learned through great monetary expense and loss of life, that the sliding earth of the mountainside could not be trusted.

Without warning, tons of dirt often came hurtling down into the bore at which the men working. Braces were used and all sorts of emergency measures were taken; but all to no avail. The earth was treacherous and remained so until man's ingenuity combated its peril by erecting such a massive tunnel that it could withstand the tons of pressure exerted by the loose shale.

Now this tunnel is as great a boon to Alameda and Contra Costa counties as the San Francisco-Oakland Bay Bridge. We need it for commerce and trade; we need it so our residential areas may expand; we need it for countless other reasons.

Knowing then, the treachery of the mountainside and realizing the extreme value of the tunnel, why can't we spend a few more dollars to prevent the reoccurrence of such a landslide as was experienced recently when the Alameda County portal was closed by tons of rain-soaked earth which hurtled across the highway?

What good is a magnificent transportation facility between our two great counties if a downpour will temporarily halt its use? To ask the question is to answer it!

Let's find a solution to this problem!

ANYTHING CAN HAPPEN!

Most anything can happen in the United States, and usually does.

The police in Atlanta have just been forbidden to carry umbrellas, even if the stick-up gentry does choose to ply its trade in a cat-and-dog rain. A clergyman in Kansas City recently urged young men "to play pool, dance, and hit the other fellow, preferably on the jaw." And a group of CCC boys hard at work in Big Bend Park have just discovered a PINK rattlesnake.

Uncle Sam has ordered all his Federal range ponies replaced with automobiles. In the future his cow-hands will go swinging across the prairie with a "Give me my choke and spark-plug!" The U. S. Customs Office reports it has just sold three maraccas and a tom-tom for \$1.25, and a bag of diamonds for \$8. And a cave has just been discovered in western Texas which — claim the beaming Texans — makes Kentucky's Mammoth Caverns look like a hole in the ground.

Yes, most anything can happen in the United States. Let's be glad these things have to do with umbrellas and snakes, tom-toms and caves, instead of the bitter realities of war, aerial bombardment, and strife!

CHANCE TO WIN KITES

Ten lucky Albany boys and girls will leave home tomorrow with one kite and return with two kites — the additional one being of unique design and made of either cellophane or multi-colored paper. For, in University park the Albany Recreation Department will hold its annual Kite Day and to model kites have been made for distribution as awards to the winners of the various events.

Sam Patterson, recreation leader of the Federal Recreation Project of the local department and expert in kite construction, has spent the past two weeks designing and constructing the kite awards.

Prizes will be given away during the day, one each to the winners of the events consisting of the best home-made kite, smallest kite, largest kite, best box kite, kite with most amount of pull on string, first kite to get into the air, highest flier and a special event to be announced at the park before the contests begin.

Test flying of kites entered in the day's events is scheduled to get under way at 9 a. m., and last for an hour, with the judging of the contests to start at 10 and last until noon.

Anyone, young or old, is eligible to enter the events of Kite Day. Entries will be taken at the park Saturday morning.

Patterson and Margot Lochhead, handicraft expert of the local department, will be on hand with "first aid" equipment, consisting of glue, string, sticks and paper, to repair kites coming to grief.

DANCE CLASSES

Three free classes in tap dancing have been announced by the Albany Recreation Department. The classes, under its supervision are to be held in the Play Center Building, 850 Masonic Avenue, corner of Solano.

A class for boys, between the ages of 7 and 12 years, will be held Tuesday from 3:30 to 4:30 p. m. on Wednesdays, from 3 to 4 p. m. tiny tots, boys and girls between the ages of 2 and 5 1/2 years, will be given instruction.

From 4 to 5 p. m. on Wednesdays, a class for girls, from 5 1/2 to 8 years, will be held. Thursdays, from 3:45 to 5, will be open to girls 3 to 12 years of age.

Mrs. Evelyn Callahan, recently added to the arts and craft staff of the Federal Recreation Project of the local department, and who comes to Albany with an enviable background in dancing, will be in charge of all the classes.
